March 26, 2018

Dear Valued Customer:

This letter is to confirm that Cantex, Inc. is a manufacturer of PVC conduit and fittings; primarily made in the continental United States. We manufacture over 95% of our products in our US facilities. A small percentage of our items are sourced and those items may be manufactured outside the USA.

All PVC conduit manufactured by Cantex is made in the United States; resin used in our plants is produced by several manufacturers also located in the United States, further supporting the Buy American Act.

Cantex PVC conduit and all fittings manufactured by Cantex, Inc are manufactured in one of our five plant locations as listed:

2101 S.E. 1<sup>st</sup> St  
Mineral Wells, TX 76067

11444 Chamberlin Rd #1  
Aurora, OH 44202

101 Gandy Rd  
Auburndale, FL 33823

4045 Bonanza Dr.  
Kingman, AZ 86401

400 Lincoln Ave  
Mineral Wells, TX 76067

Sincerely,  
CANTEX, INC
